COUNCIL POLICY

POLICY NUMBER:

G-20

DATE OF RESOLUTION:

MAY 31, 1999

TOURIST ACCOMMODATION REZONING POLICY

That Council instruct staff to process Residential Tourist Accommodation rezoning applications for properties that are encumbered by Phase 1 rental pool covenants but do not have zoning to permit temporary tourist accommodation – Courtyard, Gondola 6 (excluding the employee housing component), Gondola Heights, Gondola Village, Lake Placid Lodge, London Lane Condos, Powderview, Sundance, Whistler Creek Ridge and Northern Lights;

That Council instruct staff to process rezoning applications for certain properties located in Blackcomb Benchlands and Taluswood that have requested Residential Tourist Accommodation – Blackcomb Greens, Forest Creek, Treeline, The Woods, Taluswood Phase 1, and the Ridge at Taluswood;

That Council consider utilizing Residential Tourist Accommodation zoning for new development areas;

That Council, after due consideration, does not support chalet, villa or new pension accommodation in residential areas;

That Council instruct staff to continue its enforcement policy against illegal tourist accommodation;

That Council hereby places a one year moratorium on the consideration of any rezoning applications for Bed and Breakfast use (TB1 Zone) which have not already received third reading; and further

That all application fees submitted for tourist accommodation rezoning applications be reimbursed in full.

PURPOSE

The purpose of this report is to advise Council on progress in processing RA 441. Further, this report provides Council with a description of the requested zoning amendment.

DISCUSSION

The subject site, developed in 1988, is located slopeside just above the Creekside Base area. The site is located on a south facing 25% slope on Whistler Mountain. The site is developed and contains 22 detached dwellings. Whistler Creek is located immediately to the south of the subject site. Beyond Whistler Creek is the Whistler Mountain ski area. Undeveloped forested land is located to the northwest while a multifamily development is located to the northeast.

The subject lands are designated as "resort land" pursuant to Section 12 of the Resort Municipality of Whistler Act (RSBC 1996) Chapter 407. Although being a member of the Whistler Resort Association does not give you an automatic right to have nightly rentals, the applicants believe that as paying members of the Association, they should be entitled to use their dwellings for nightly rentals. However, the existing zoning, RS1 ((Single Family Residential One) does not permit nightly rentals. **The applicant contends that prior to 1990, the Zoning Bylaw was silent on the issue of nightly rentals in the RS1 (Single Family Residential One) zone possibly leading some purchasers believing that they could use their dwellings for nightly rentals. However, Zoning Amendment Bylaw 814, 1990 added a definition of "residential" that clearly prohibited nightly rentals. Furthermore, because the public hearing for this zoning amendment bylaw was waived, the applicants contend that they were not given a chance to explain the possible implications of the amendment to Council. Based on the history of the zoning on this site and the fact that it is designated as "resort land", the applicants contend that nightly rentals should be allowed in the Snowridge strata.**

Since the existing zoning as modified subsequent to the subdivision does not permit nightly rentals, the Strata is applying for rezoning to RTA 25 (Residential / Tourist Accommodation Twenty-Five). RTA (Residential / Tourist Accommodation) zones permit nightly rentals. There are several RTA (Residential / Tourist Accommodation) zones in the area including Kadenwood, Taluswood, Lake Placid Lodge, and Gondola Village.

Staff support the rezoning application for the following reasons:

- It is located in close proximity to the Creekside ski base.

¹ Amending bylaw 814-1990 defined "residential" as "means a fixed place of living, excluding any temporary accommodation, to which a person intends to return when absent;"

- The majority of the strata owners support the rezoning application (Schedule "B").
- In 1999 the municipality initiated a process to rezone developments near the Creekside base including Snowridge, however, at that time the Municipality did not receive support from the Snowridge strata to proceed with rezoning. Given that there is now support from the owners of the strata for rezoning (Schedule "C"), staff believe that it is a good opportunity to rezone the land.
- Only four of the 22 units are owned by people with Whistler addresses. Allowing short-term rentals may result in more warm beds in this strata. However, there is no guarantee that this will happen. Anecdotal evidence suggests that very few of the current owners will use their dwellings for nightly rentals.
- One owner family has indicated that they rely on the income from the nightly rentals to help supplement their income stream so that they can remain in Whistler.

The applicants have requested that the non-statutory public open house requirement be waived for this application since the rezoning is unlikely to generate a significant impact on the surrounding neighbourhoods. Staff support waiving the public open house in this case. A statutory public hearing will still be required.

POLICY CONSIDERATIONS

Whistler 2020

Enriching Community Life – allowing nightly rentals may provide some of the resident owners with a secondary source of income that allows them to remain in the community.

Enhancing the Resort Experience – allowing nightly rentals at this location provides an additional form of accommodation within walking distance of the Creekside ski base.

Tourist Accommodation Rezoning Policy

On May 31, 1999 Council adopted a Tourist Accommodation Rezoning Policy (Schedule "D"). The proposed rezoning of the Snowridge Strata is not explicitly dealt with by this policy. Therefore, staff are of the opinion that the proposed rezoning would not contravene the policy. Staff believe that the proposed rezoning meets the intent of the policy and that the absence of the Snowridge project from the policy is more related to an oversight than to legitimate planning reasons.

BUDGET CONSIDERATIONS

All application fees have been paid.

SUMMARY

Due to the proximity of the subject site to the Creekside ski base, staff support the rezoning application that would allow for nightly rentals. In addition, the rezoning application is supported by the majority of Snowridge strata owners.

Dear Sirs,

**Re: Short Term Rentals
Snowridge Single Family Subdivision**

The Snowridge Crescent Single Family Bare Land Strata Corporation VR 2049 held a special meeting October 2, 2004 to vote on a resolution to support a rezoning to allow short term rentals as an allowable use. It is interesting to note that most Owner's, especially original and longer term Owners, understanding was that short term rentals were allowed so feel the rezoning more to "confirm" short term rentals as an allowable use.

Snowridge Owners first formally discussed this matter at our annual general meeting on May 30, 2004. The consensus of the meeting was that with proper rules or guidelines adopted by the Strata, short term rentals were desirable and it was resolved strata owners receive a notice, proxy and letter from the Strata Corporation regarding a special meeting to be held to consider and vote on a resolution supporting a rezoning to allow or confirm short term rentals. A proxy was included to insure those unable to attend the meeting were able to vote. Due to summer conflicts the special meeting was not held until October 2, 2004.

The resolution supporting proposed rezoning to allow short-term rentals was voted, of the 22 strata lots:
14 voted in favour (8 in attendance + 6 proxy)
1 vote opposed (0 in attendance + 1 proxy)
The motion was passed 93% in favour with the largest number of Owners voting in our 16-year history.

A copy of the Special Resolution is enclosed. I would like to get together to discuss how you wish to proceed at your earliest convenience.

Yours Truly,

Steve Bayly

SPECIAL RESOLUTION NO. 2
NIGHTLY RENTALS

WHEREAS it is the wish of the Owners of Strata Plan VR 2049 to support the zoning amendment proposed by the RMOW to permit short term nightly rentals.

THEREFORE BE IT RESOLVED THAT:

1. That the Resort Municipality of Whistler be advised that the Owners of Strata Plan VR2049 support the zoning amendment proposed by the RMOW to permit short term nightly rentals;
2. That all vehicles brought onto Strata Property by renters shall be parked only on the individual strata lot being rented; and
3. That no unreasonable noise be audible to neighbouring strata properties and no improper behaviour be exhibited by tenants of the rented property.
4. That
 - a. a Security Company be engaged by the Strata on a 24 hour basis to deal with breaches of the Regulations imposed from time to time by the Strata; and
 - b. that the Security Company be instructed to deal with a complaint as soon as practicable following receipt of a complaint from a strata owner; and
 - c. that the cost of attendance by the Security Company be borne by the owner of the offending strata property; and
5. That a Strata Council Committee be empowered to make such further resolutions as deemed necessary with respect to rules and regulations governing short term nightly rentals.
